

WISCONSIN CATHOLIC CONFERENCE

TO: Senator Dan Feyen, Chair
Members, Senate Committee on Government Operations, Labor and Economic Development

FROM: David Earleywine, Associate Director

DATE: March 3, 2026

RE: Support for Assembly Bill 759 Occupational Credentials for DACA Recipients

The Wisconsin Catholic Conference (WCC), the public policy voice of the Catholic bishops of Wisconsin, urges you to support Assembly Bill 759, allowing recipients of deferred action under the Deferred Action for Childhood Arrivals (DACA) program to obtain occupational licenses in Wisconsin.

AB 759 extends vital work opportunities to individuals who are DACA recipients. DACA recipients entered the United States as children and know America as their only home. They are our family members and neighbors. Though they are some of the most thoroughly vetted individuals in the state, due to their DACA status, they are denied opportunities to enter into licensed occupations that will benefit them and our state. This bill gives Wisconsin employers access to dedicated and trained workers and gives DACA recipients the chance to use the skills they've already earned.

As a Church, we believe in protecting the dignity of every human being, as we are each created in God's image. The Catholic Church has long advocated for the legal protection, full inclusion, and wellbeing of children brought to the United States. Indeed, the United States Conference of Catholic Bishops helped to formulate the first versions of the DREAM Act in 2000 and 2001.¹

The Catholic Bishops have long supported these immigrant youth and their families who are contributors to our economy, academic standouts in our universities, and leaders in our parishes. These youth have grown up in our country, some even choosing to put their lives on the line to serve in our armed forces. They truly exemplify the extraordinary contributions that immigrants can provide to our nation. It is both our moral duty and, in our nation's best interest to protect these youth and allow them to reach their God-given potential.²

We commend the authors for bringing this bill forward not just because of its benefits to DACA recipients and our state, but also because this bill demonstrates what can be accomplished through thoughtful bipartisan collaboration. We thank you for hearing this bill today and respectfully urge you to support it.
